Dollar and Energy Saving Loans

Replacement Household Appliance Application

FORM

1

ABOUT THE LOANS

Dollar and Energy Saving Loans can finance the purchase of a replacement refrigerator, freezer, dishwasher or clothes washer with a new appliance which is among the most efficient 25 percent of those manufactured.

Eligibility is based on the yellow ENERGYGUIDE label found on every new appliance. Look for the arrow above the black bar which is labeled "This Model Uses ___ kWh/year."

If the value for "kWh/year" on the label of the appliance you want to purchase is the same as or less than the value in the table at the right, then it qualifies for low interest financing.

You can also look for the "Energy Star" label to indicate a qualifying appliance. Your current appliance, which must be at least three years old, must be traded in or disposed of in some manner — you cannot keep it in your possession.

You may NOT contract for or undertake the project you propose in this application prior to the Energy Office signing a Commitment Agreement (FORM 10) with your lender to participate in the loan.

If you do so, you will lose your eligibility to finance the project with a low interest loan.

You may accept a bid, contingent on the Energy Office's signed commitment of funding, to lock in the price, but you may not proceed with the work or contractually obligate yourself to proceed until your lender notifies you that the Energy Office has signed the Commitment Agreement on your loan.

SUBMIT THIS COMPLETED FORM AND COPIES OF THE PRICE QUOTES AND ENERGYGUIDE LABELS FOR THE NEW APPLIANCE(S) TO A PARTICIPATING LENDER

INSTRUCTIONS

WHO MAY APPLY. Any legal resident of Nebraska may apply for a Dollar and Energy Saving Loan. A legal resident is a person who is domiciled in Nebraska **or** who has maintained a permanent residence and spent over six months in Nebraska.

GETTING BIDS. You should get bids or quotes first, so you will have them available for your lender.

WHERE TO FILE. Take this form, copies of ENERGYGUIDE labels and quotes to your participating lender for loan processing. If the lender of your choice is not participating in this program, contact the Nebraska Energy Office for the lender nearest you.

FOR INFORMATION contact the Nebraska Energy Office, P.O. Box 95085, Lincoln, NE 68509-5085, Phone (402) 471-2867.

SPECIFIC LINE INSTRUCTIONS

NAME AND ADDRESS. Print or type your name and mailing address in the space provided.

LINES 1-4. Mark the box for each type of appliance you intend to replace. Then fill out all the requested information for each appliance type for both old and new (replacement) appliances. Make sure that the "ENERGYGUIDE use" is no more than the eligibility limit for the particular appliance listed in the table on the upper-right part of this form.

FUEL SUPPLIERS. If you have *not* completed this information on a Form 2, 3 or 4, provide the name, mailing address, telephone number and your account number for your electricity utility and each of the fuel suppliers serving this address. If the only energy source for the building is electricity, check the box provided. If an account is not in your name, then check the box and attach a completed Form 35 with the information for that fuel supplier. (This might happen where a landlord is seeking a loan, but the tenant pays the energy bill.)

SIGNATURE. Sign and date this application and attach copies of the price quotes and ENERGYGUIDE labels for the new appliance(s) described on this form. Take this application to the local lending institution of your choice to apply for a Dollar and Energy Saving Loan.
